# WHY BEREACADEMY?

The reason Sungrak Church emphasizes the destruction of the devil and devotion to God is because it understands the Will of God so deeply. The Bible reveals the Will of God. But people read the Bible today and still fail to understand His Will. This is because they do not know how to read God's word. When you need to see distant objects, you need a pair of binoculars. When you need to examine microscopic objects, you need a microscope. Similarly, you need the proper lenses to view the Bible. Berea Academy, established by Pastor Ki-Dong Kim in 1976, is a Bible teaching Institution which prescribes the precise lenses to view the Bible and the Will of God.

The faith of the Bereans as found in Acts 17:11-12 is the model of Berea Academy. The people of Berea examined the Bible every day in order to see if Jesus, whom Paul had preached, was indeed the Christ prophesied in the Bible. The result was that they gained faith through the Scriptures. The noble attitude and mind displayed by the Bereans

is a mirror for all those who criticize people who live according to the Bible and choose to follow it. They criticize them simply because they follow the Bible and do not wish to follow doctrines.

“

***Now the Berean Jews were of more noble character than those in Thessalonica, for they received the message with great eagerness and examined the Scriptures every day to see if what Paul said was true. As a result, many of them believed, as did also a number of prominent Greek women and many Greek men***

”

**Acts 17:11-12**

Berea Academy is made up of 52 lectures taught over four semesters

for two years. The first two semesters cover the theme of 'The Proper Lens to View the Bible', the third semester covers 'The Picture of God's Will', and the last semester deals with 'The Mediation of the Gospel.' There are several common factors discovered by those who come to know God's Will through Berea Academy for the first time. Firstly, they see the reality of the spiritual realm. Secondly, they willingly dedicate their lives to fulfilling God's Will. Thirdly, they preach the word of God based upon God's Will using just the Bible. Fourthly, the signs and wonders promised by Jesus are manifested. Is this not what all pastors desire in their ministry? Featured below is a letter written by a pastor in 2010, after he graduated from Berea Academy.

*“As I learned Berea Academy, I realized just how arrogant, foolish and incredibly ignorant I was about spiritual matters and about God’s Will. Berea Academy took me to a new spiritual level which I had never experienced before. I saw the works of God and His mighty power at work. I witnessed His Revelations and Plan with my own eyes.*

*At the same time, I also saw the problems and corruption of today’s churches. The things I learned from Berea Academy in a single month is much more than what I had learned from seven years at my local church. It is a sad reality to see the state of today’s churches. Ignorant religious life and false teachings are leading people toward mysticism, ignorance, and hypocrisy.*

*I now truly understand that Berea is the vessel of God this generation needs. I understand that it is the backbone to the Berea Movement which returns to the Bible. Berea is already giving new hope to countless churches around the world. This is why all of us at our church desire to spread the name of God and be a part of the Berea Movement.*

*How can I express the joy which I have received from Berea? I desire to spread the message of God’s Will to all Christians around me. I want to make them into righteous servants and children that please God. Please pray for me and my ministry. O my Soul, be His servant! O my family, be His servants! O my household, be His servants!*

*Let us all be the witnesses of His name!”*
